INTRODUCING A PROGRAM FOR SENIORS

Timeless Melodies

Enjoy four musical programs of all-time favorites—three jazz/popular and one classical, masterfully performed on clarinet, saxophone, flute and vocals. Created especially for seniors, these shows are guaranteed to bring a smile and a song!

Starting with his woodwinds and voice, James plays and sings along to professional background tracks, offering a unique, high-quality performance sound not usually heard in senior settings. *Timeless Melodies* is a lively and interactive show that is sure to brighten the day and create some happiness.

“James Kellerman’s performance was wonderful. The seniors at our Valentines Party enjoyed the music selection, especially the live instruments. Jim was very professional and it showed in his music.”

—Shonda Allen
Volunteer Coordinator
Pillsbury United Communities

“Jim performed for our residents at Edina Care and Rehabilitation Center for our Santa Lucia party in December 2002. His performance was very professional and well received by our residents and staff. The variety of instruments—flute, clarinet and saxophone—are a welcome change from the usual piano, keyboard and guitar. I would recommend Jim to anyone wanting a high quality, enjoyable program for their residents.”

—Barbara Mesenbourg
Director of Therapeutic Recreation
Edina Care & Rehabilitation Center

“James Kellerman communicates well with the residents, gets them involved. It’s great to watch the residents so focused and enjoying the performance—something seldom seen with people with Alzheimer’s or Dementia.”
